C M A Norfolk Branch News/Prayer Letter January 2010

### Building by Duncan Hanson

God has really Blessed me with some good 'stuff' this week, but what I want to put together this morning and share / forward to you has just got so much 'meat' on it, specially due to the fact that most of us have passion to do.

Nehemiah rebuilt the walls of Jerusalem in less than two months. How did he do it? Passion! He gave up a high profile-job, overcame relentless opposition, and worked passionately. 'So we built the wall for the people had a mind to work' (Nehemiah 4:6). But first we read: 'they said to me . "The wall of Jerusalem is also broken down, and it's gates are burned with fire" when I heard these words I sat down and wept.'(Nehemiah 1:3-4). Observe:

1) Passion is your first step to achievement. Your desire, not your IQ or your DNA, deter-

mines your destiny. The greater your desire, the greater your potential.

2) Passion will increase your will power. Only when you want something bad enough will you pay the price to achieve it. God despises a luke warm attitude, 'I wish you were either one or the other' (Rev 3:15). An indecisive person gets nowhere with Him, 'he is a double minded man, unstable in all his ways'. (James 1:8).

3) Passion will change you. When your desires are in harmony with God's will and you follow them with a passion, you can't help but become more productive person.

4) Passion will make the impossible, possible. Beware of 'experts'. Sometimes what they present as wisdom is just short-sightedness. In 1895 a Lord Kelvin, president of

England's Royal Society, said, 'heavier-than-air flying machines not possible'. In 1905 the U.S President Grover Cleveland said, 'Sensible and responsible women do not want to vote'. In 1923 Nobel prize winner in physics Robert Millikan said, 'There's no likelihood man can ever tap the power of an atom'. Jesus said 'with God all things are possible' (Mark 10:27). When you become passionate about God's purposes, He will show you what is possible.

Now where does your 'real' passion lie who's report will you believe? Now what are you going to do about it put your passion into action?

Quite a 'deep' and 'challenging' word, but I Pray you are Blessed and encouraged by it.

Blessings Duncan  
Lets save the lost at any cost.

The Fenman nr Kings Lynn a day event where thousands of local bikers show off their many different machines all in aid of the local town, here we seen just some of the many BSA Gold Stars

Keith from Norfolk who gave his life to Christ when Mike Fitton called people forward to accept Jesus as their saviour at the main evening meeting.

This was at one of the many places we go where we also help to tidy after we have used the site. Bikers can be neat and tidy as well, this is a very rare shot of Eccles doing the hoovering. If you want to go to any event with the CMA let me know i will give you all the details.

# The Vision

## There is a place for you

### Strategy

In 2004 Mike Fitton shared a strategy for the future development of the CMA (UK) with the membership and on that basis was elected as the first UK full time President. The strategy he shared was:

So Joshua ordered the officers of the people: "Go through the camp and tell the people, get your supplies ready. Three days from now you will cross the Jordan here to go in and take possession of the land the Lord your God is giving you for your own."  
(Joshua Ch1v10-11)

I have given prayerful consideration to the future effectiveness and growth of CMA in the UK and consequently I should like to share with you my thoughts. I trust that if they are of God, that they will bring blessing to an organisation that I believe in, passionately.

My thoughts, in brief, are as follows:

I include the verses from Joshua above as I sense God is moving us into a whole new area of CMA's development and defining new territories for us to reach out with a greater effectiveness.

I believe that one key element to the future of CMA is that we need to ensure that we promote our ministry to as large an audience as possible. I have met countless committed evangelical Christians of all ages who ride bikes, but they have either never heard of the CMA or assume we have no relevance to them as they are not the fringe / rally style biker. If we are an outreach to bikers, that vision must include all bikers. Therefore, CMA's outreach should reflect that.

To my mind if we can convey our mission to the Christian community, via conferences, church services, outreach events, ministers meetings, bible colleges, prayer groups etc we shall receive a greater degree of support and engage with potential members. There could be bikers in churches who have already gained experience in evangelism or possess other ministry skills or have practical experience that would be ideal for the development of CMA.

We need the following type of people to come on board and catch the vision God has for us:

Fund raisers, People with promotional skills, Bible teachers, Preachers, Evangelists, Facilitators, Leaders, Skilled craftsmen, Organisers, Logistical people, Pastors, Counsellors, Prayer warriors, People passionate for the lost, Musicians, Singers, Mechanics, Representatives from all aspects of Motorcycle Sport, Accountants, Administrators, Graphic designers, Writers, Photographers, Video experts, Communicators with the world of Radio, TV, The God Channel, Christian Magazines, the secular press and media, Press Release officers, People who can build up good relationships with sponsors - either small donors or multi millionaires, Women with a vision to reach Women, Youth Leaders, Children's workers, Innovative dreamers with big faith within the scope of God possibilities! People who will sit and share Jesus with anyone they have a God appointment with as the fruits of the Spirit just ooze out from them, anyone else that hasn't crossed my mind, because these are just the beginnings! ABOVE ALL THESE PEOPLE SHOULD BE ANOINTED BY GOD FOR THE TASK!!!!

We need to build strong relationships with other bike organisations BMF, MAG, local and national bike clubs etc. If there is only one person liaising with them it is too limited, lose that person and you lose the link.

I believe that as we grow in the number of members with skills we should make inroads to other biker events and opportunities such as: Sports Bike Racing, Vintage and Classic events, Trails Riding, Moto Cross, Hill Climbs, Beach races etc. If these opportunities are prayed over and approached effectively they will open new doors. 'Holy Joe's' is brilliant and works, but what else can we do?

We need to put together a programme to reach out to our nation's youth and provide them with an opportunity to hear the Gospel. On the face of it we often pick up the pieces of damaged lives, let's also try and prevent a few from going down that road.

To conclude I wonder how the majority of CMA members view change or challenges?

Have we the faith to move forward or are we in a comfort zone? Whatever happens let's not say "We tried that in the past but it didn't work." I believe God has firmly got His Mighty Hand upon this organisation and sense that He will take it forward to 'lands' that are waiting to be taken, prepared by the Lord for us.

By no means do I want to imply that these thoughts are the only way we can progress, but I feel strongly that they will produce long term, foundational growth that will stabilise and strengthen CMA. This organisation can, within a ten-year period change beyond all recognition to the glory of God and see lives made whole by the Blood of Christ, but for this to be accomplished we need your faithful commitment both practically and prayerfully.

Thank you for taking the time to read this.

Yours in His Service,  
Mike FITTON

Picture the scene, Mary has given birth to the baby Jesus. The shepherds and wise men have been and gone so it is time for the infant to be taken to the synagogue to give thanks and praise to God.

At the synagogue an old man called Simeon who has been told in a vision that he will not die until he has seen the Messiah meets them. As soon as he saw the baby he knew that this is The One. Simeon told Mary that Jesus was indeed the long awaited Saviour of mankind and would do great deeds but by His life and death "sorrow would pierce her heart like a sword".

The gospels mention swords several times during Christ's ministry, sometimes used to attack people as when the disciple cut off the servant's ear when Jesus was arrested and sometimes in defence as when St Paul speaks of the sword of the Spirit (which is the word of God.) This is often known as The Armour Of God.

So swords were spoken of at the beginning of His life and ministry and at the end.

St John's gospel begins "In the beginning was the word and the word was with God and the word was God."

By living out the Old Testament prophecies Jesus has become the Sword of the Spirit, the Word of God.

And to prove His love for YOU and ME He turned the sword of sorrow upside down so it

became a cross of hope, once a symbol of shame, now an emblem of Triumph.

He made blind men see, lame men walk and the dead come back to life.

He turns lives inside out and back to front just as He turned that sword upside down.

If you want to share that Triumph turn away from the old life and ask Him to show you the New One that's waiting for YOU.

-----  
-----  
So if the sword represents Jesus, how about the base?

Well that's you and me.

In a previous life, before it met the Sword the base (you and me) was a rotten old gatepost so it starts off looking a bit knocked about (pretty much like you and me). The deep grain represents the scars of old bad habits the corners are knocked off by contact with the rough things in life. As for the staple, well that's where we've been cut and hurt badly by past experiences.

Then along came the sword and changed everything by smoothing off the rough edges and carving out a new surface, exposing

a new beauty previously hidden within. This could only happen after the base (you and me) had been pierced by the sword (Jesus).

Why not let Jesus bring out your hidden beauty?
